We have thought of everything - especially for you.

Delightful and light - and not only because of the many windows.

Attention to detail is so typical for BAVARIA. Every edge, corner and door frame is made of solid wood. This is unique in this yacht class. Panoramic windows provide natural light and a great sense of space.

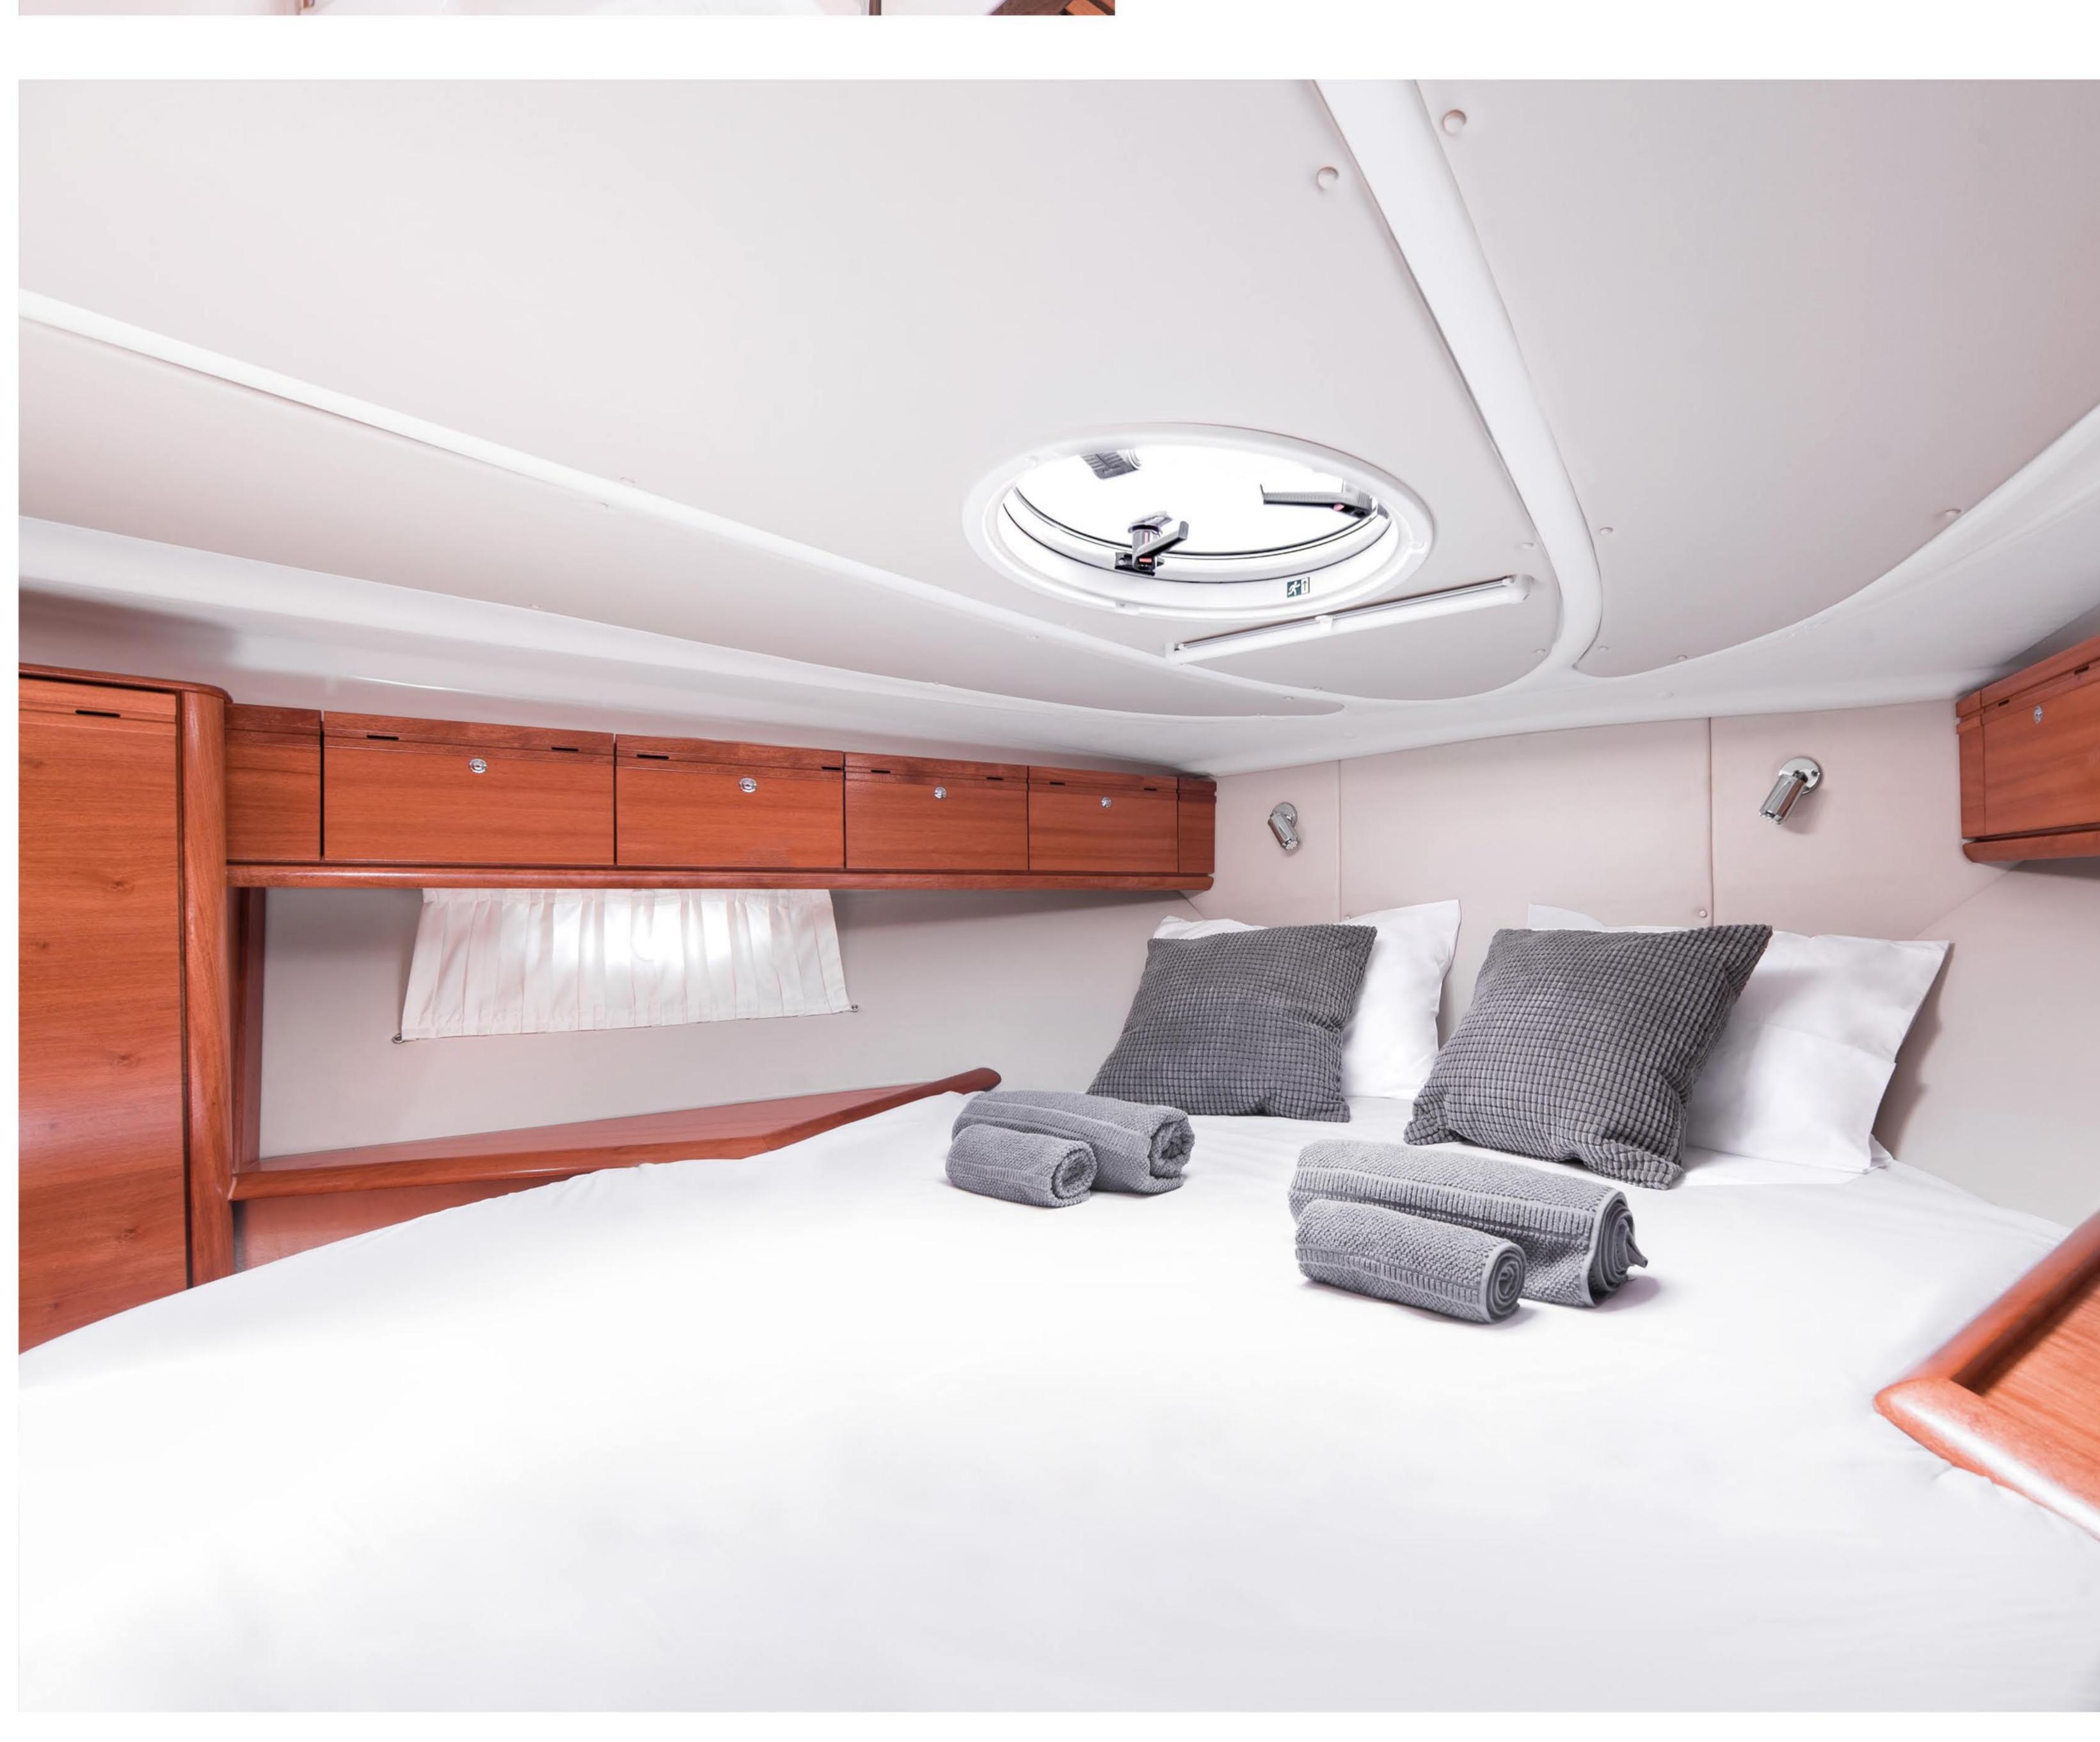

Feel as if you were in a hotel while you are under way, with all the modern conveniences. An extra for you, your family or your friends: a king size bed.

Here you can stretch without disturbing anyone, and the next morning indulge in a refreshing shower. The bathroom has adequate facilities to make sure your day starts on a high note.

We have thought of everything, especially of you.

The deck and cockpit layout is the outcome of years of experience. It is efficient and thoughtfully designed, it can accommodate family and friends with the utmost relaxation during a cruise.

We're just having a blast of a time... typical BAVARIA.
